

Institute of Dental Sciences Commenced Webinar Series on EFQM

Institute of Dental Sciences, Sehora, Jammu commenced a Webinar Series on “Application of Excellence Model & Global best practices on the overall success of an Institution” for the faculty members on 13th July 2021.

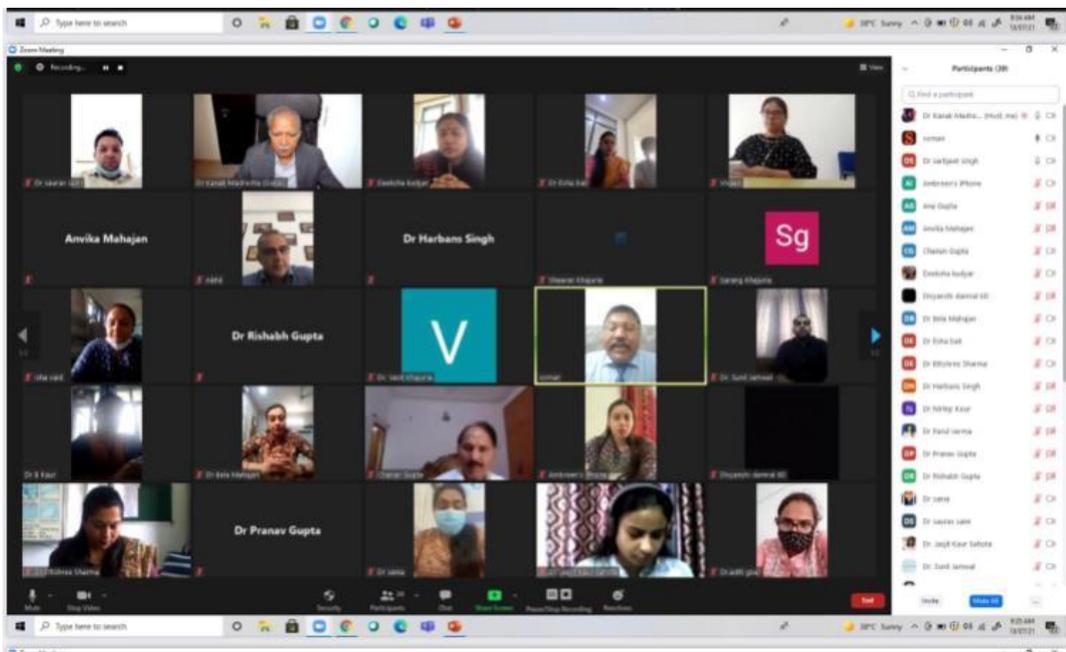

Dr. Kanak Madrecha, Managing Director of Dr. Kanak Madrecha & Associate FZLLE(UAE), and President of the Global Development, supply chain & logistic group (India) was the key speaker in the webinar held on 13th July 2021.

Dr. Kanak Madrecha, an alumnus of BITS Pilani & NITIE-Mumbai, a Ph.D holder who has been full time faculty to the University of Walongong-Dubai Campus. He highlighted in the webinar the European Foundation Quality Management Model (EFQM) which includes the significance of understanding the various parameters required for improving the Institution success in accordance to guidelines laid down by NAAC.

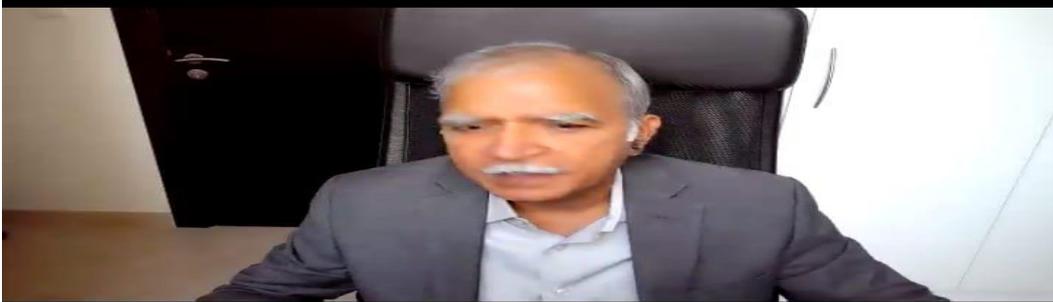

The Webinar Series was inaugurated by Dr. Sarbjeet Singh, Principal, IDS who deliberated the significance of having such webinars in the Institution which help in understanding the best practices that can be adopted by the Institute to enhance both the academic quality and the institutional success as per the global standards.

Professor Dr. Dilip Giri, the senior advisor for quality, planning & accreditation of IDS was the chief moderator of this webinar. He highlighted the steps already taken by IDS sehora and the achievement of the Institute till date. He also emphasized on the scope & relevance of holding such webinars in upgrading an Institution.

The webinar was followed by an interactive session wherein the various faculty members interacted with the key speaker to enlighten themselves more on steps required to upgrade their skills in imparting academic brilliance to the students as per international standards.

“WORLD NO TOBACCO DAY-2019”

Institute of Dental Sciences, Sehora.

As our stupendous responsibility to promote public health and protect people from hazardous effects of tobacco, a **three day celebration** on the event of **“WORLD NO TOBACCO DAY-2019”** was organized by Institute of Dental Sciences, Sehora.

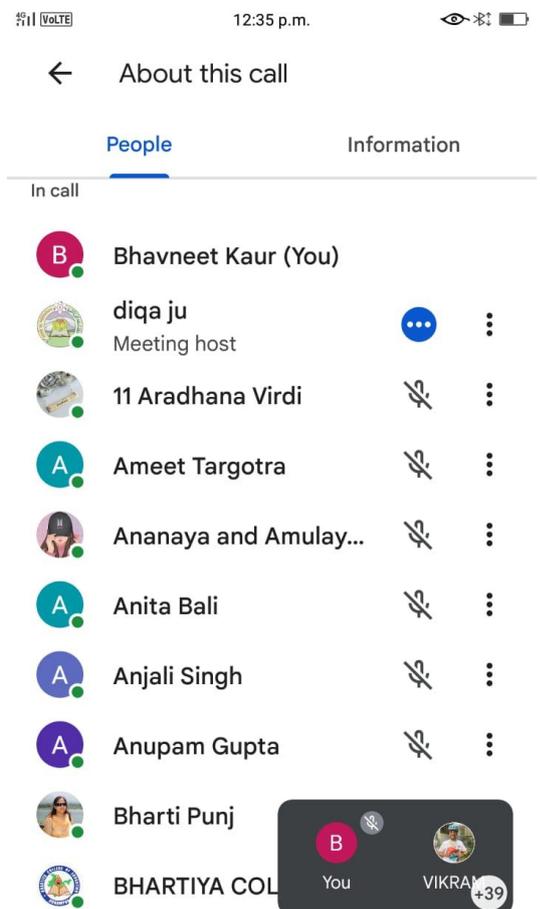

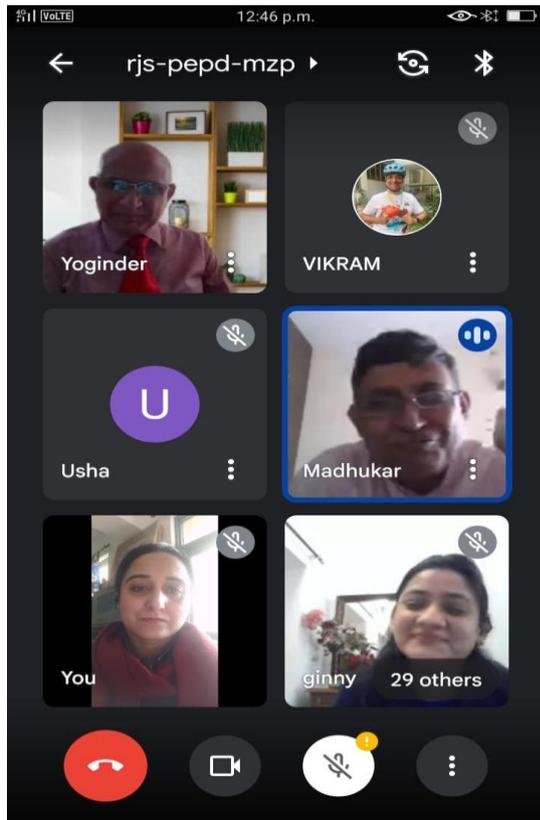

Various **anti-tobacco counseling sessions** were held at nearby villages by Department of Public Health Dentistry highlighting the detrimental effects of tobacco and the need for cessation of tobacco use which was highly appreciated by the general population .

The reception area of the Institute portrayed a NO TOBACCO message through rangoli and a **seminar entitled ‘WHO theme 2019 – TOBACCO AND LUNG HEALTH’** emphasizing awareness towards ill effects of tobacco consumption and methods of tobacco cessation was conducted for the undergraduate students and the faculty members in the institute.

A highly motivational **counseling session** was also held by Dr. Diljot Kaur , Reader and Head, Department of Public Health Dentistry in **TII centre**, using audiovisual aids, educating the patients visiting the institute on harmful effects of tobacco.
